March 28, 2019

To the Honorable Chairman of the Board, County Commissioners
and Citizens of Sumter County:

The Comprehensive Annual Financial Report (CAFR) of Sumter County, Florida (the County) for the fiscal year ended September 30, 2018 is respectfully submitted herewith. This report was prepared in accordance with generally accepted accounting principles by the Clerk of the Circuit Court's Finance Department. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the Clerk of the Circuit Court as Chief Finance Officer of Sumter County. To provide a reasonable basis for making these representations, the Clerk of the Circuit Court, through the Finance Department, has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with generally accepted accounting principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the County's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute assurance that the financial statements will be free from material misstatements. To the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

In accordance with Florida Statutes, Section 218.39 and the Rules of the Auditor General, Chapter 10.550 that requires an annual financial audit of the County's financial statements of all funds of the County by a firm of licensed certified public accountants, Carr, Riggs & Ingram, LLC., a firm of licensed certified public accountants, has audited Sumter County's financial statements. The goal of the independent audit is to provide reasonable assurance that the financial statements of the County for the fiscal year ended September 30, 2018, are free of material misstatement. The independent audit involves examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded that there was reasonable basis for rendering an unmodified opinion that the County's basic financial statements for the year ended September 30, 2018, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the County was part of a broader, mandated "Single Audit" designed to meet the special needs of federal and state grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with

special emphasis on internal controls and legal requirements involving administration of federal and state awards. These reports are in the Audit Report prepared for the State of Florida Auditor General's Office. Copies of that report will be sent to elected officials, County management, bond rating agencies, financial institutions, and others that have expressed an interest in Sumter County's affairs.

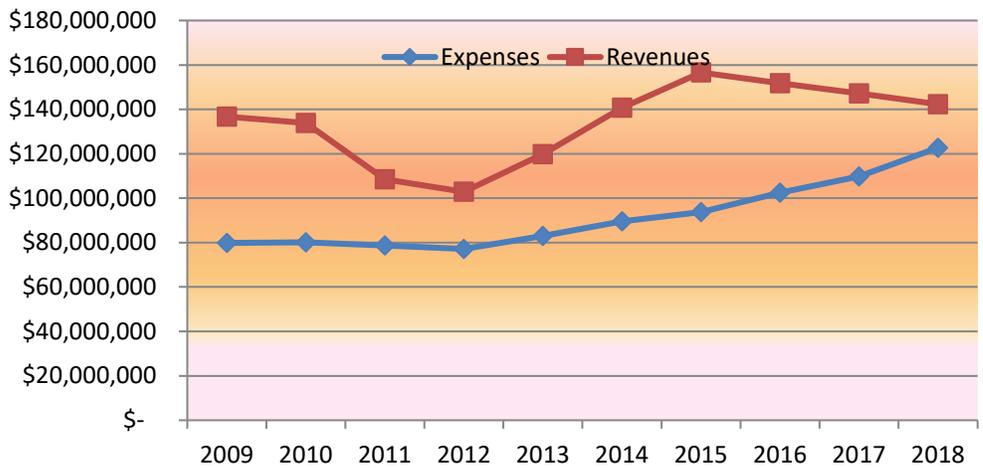

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of the Management's Discussion and Analysis report (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

Organization and Content of the CAFR

The Comprehensive Annual Financial Report complies with the financial reporting model as required by Government Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*.

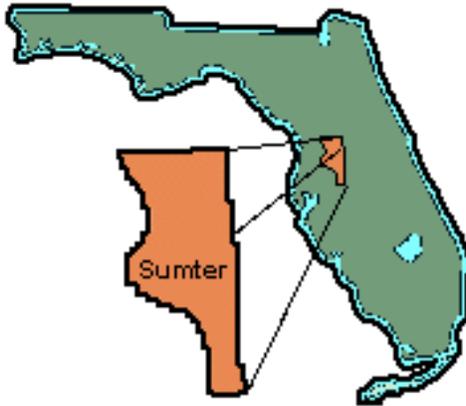

In addition to fund-by-fund financial information in the County's financial statements, the CAFR includes government-wide financial statements. The government-wide financial statements include a Statement of Net Position that provides information on the total net position of the County, including infrastructure, and the Statement of Activities that reports on the cost of providing County services. The government-wide financial statements have been prepared using the accrual basis of accounting versus the modified accrual basis of accounting used in the governmental fund financial statements. The current reporting model includes an emphasis on the County's major funds.

Government-Wide Revenues & Expenses

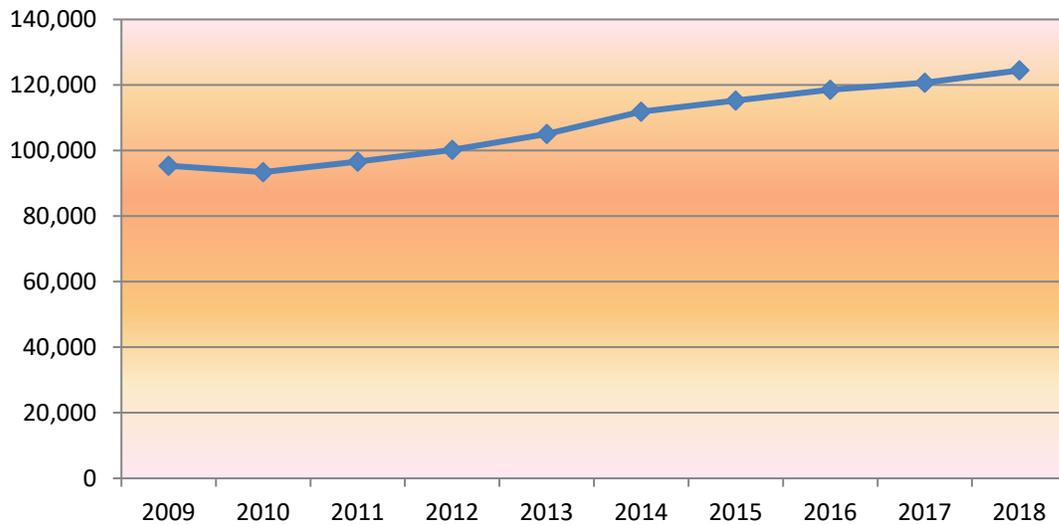

Profile of Sumter County, Florida

Sumter County was the 29th county established in the State of Florida and was created by the Legislature of the State of Florida on January 8, 1853. The County is situated in the approximate geographical center of the State of Florida and encompasses approximately 561 square miles.

The City of Bushnell is recognized as the County seat. There are five incorporated cities within Sumter County: Bushnell, Center Hill, Coleman, Webster, and Wildwood. Sumter County is also home to the majority of The Villages[®] master planned retirement community. Since the year 2009 the estimated population of Sumter County increased 30.5% to an estimated 124,444. The vast majority of the population growth was in the unincorporated areas of the County.

Sumter County Population

Source: 2010 represents actual census data from U.S. Census Bureau; 2009 and 2011 – 2018 are estimates from the University of Florida Bureau of Economic and Business Research

Sumter County operates under a commission/administrator form of government with a governing board consisting of five county commissioners who are elected by the citizens of Sumter County from at-large districts for staggered four year terms. Each commission member must meet district residency requirements. In addition to the Board of County Commissioners, there are five elected constitutional officers: The Clerk of the Circuit Court, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector. The Sumter County Board of County Commissioners exercises budgetary control, but not administrative control, over the constitutional officers' activities.

The County provides a number of services to its citizens including: police & fire protection, emergency medical services, construction & maintenance of streets & bridges, public libraries, and health & social services.

The County maintains budgetary controls, the objective of which is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the County. Activities of all governmental fund types are included in the annual appropriated budget. The level of budgetary control (that is, the level at which expenditures cannot exceed the appropriated amount) is established at the fund level for all funds.

Budgetary information is integrated into the accounting system. To facilitate budgetary control, budget balances are encumbered when purchase orders are issued. Appropriations lapse at year-end and outstanding encumbrances are honored in the subsequent year's appropriations.

Local Economy

Although still largely rural in nature, Sumter County has continued to grow, mostly due to the continued growth of The Villages® development. Sumter County's "Not Seasonally Adjusted" unemployment rate is 4.3 percent as of September 2018, which is higher than the State's 3.3 percent per the US bureau of Labor Statistics.

Relevant Financial Policies

Sumter County adopted many budgetary and financial policies and continually monitors them for adherence and relevance. The establishment of budgetary and financial policies enables the Board, management and the community to monitor County performance. Following are some of the more significant budgetary policies:

- The Board annually adopts a balanced budget.
- Current expenditures are financed with current revenues.
- The County prepares a five-year capital improvement plan that is updated annually.

Road Impact Fees

Road impact fees generate revenue from new development to provide additional capacity to the road network. As the County grows, road impact fees continue to be a major source of revenues with almost \$5.6 million in revenues for fiscal year 2018. This revenue stream, while still strong, declined in recent years due to the initial slowing of The Villages® development.

Capital Contributions

The County accepted \$21.5 million in capital contributions in fiscal year 2018. These contributions are mainly dedicated roadways constructed in The Villages® development through the development process, subsequent to a two-year warranty period.

Long-term financial planning

The County continuously strives to deliver exceptional customer service in the most cost effective manner by strategically reviewing the efficiency and effectiveness of service operations for potential cost savings via reengineering and/or outsourcing of services.

The County's general financial plan is to:

- Maintain the financial viability of the County in order to provide adequate levels of county services to the customers.
- Maintain financial flexibility in order to continually adapt to local, regional, state, economic, statutory, and demographic changes.
- Maintain and enhance public infrastructure in order to provide for the health, safety and welfare of the County's citizens.
- Meet the test of all of the comparative analysis of the growth indexes to the growth of the expenditures of the General Fund (less grants, Reserve for Contingencies and Reserve for Cash Balance Forward).

Major Initiatives

Over \$57 million of fiscal 2019 capital project expenses are budgeted to proactively support the County's operations. The projects include:

- Facilities development & maintenance
- County buildings
- Road projects

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Sumter County, Florida for its Comprehensive Annual Financial Report for the fiscal year ended September 30, 2017. This was the eighth consecutive year that Sumter County has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Comprehensive Annual Financial Report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgements

This Comprehensive Annual Financial Report is a result of the tremendous effort and dedication given by the Sumter County Clerk of the Circuit Court's Finance Department.

We would also like to offer our gratitude to the Board of County Commissioners and its staff, Sumter County's Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector who have been instrumental in the completion of this report.

Finally, we would like to thank the accounting firm of Carr, Riggs & Ingram, LLC for their contribution to the publication of this document.

Respectfully submitted,

INDEPENDENT AUDITORS' REPORT

The Honorable County Commissioners
Sumter County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Sumter County, Florida (the "County") as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the County, as of September 30, 2018, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter – Adoption of New Accounting Pronouncement

As described in Note 15 to the financial statements, the County adopted Government Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions*, which resulted in a restatement to the September 30, 2017 net position of governmental activities. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and schedules listed in the table of contents as "required supplementary information" be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 28, 2019, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

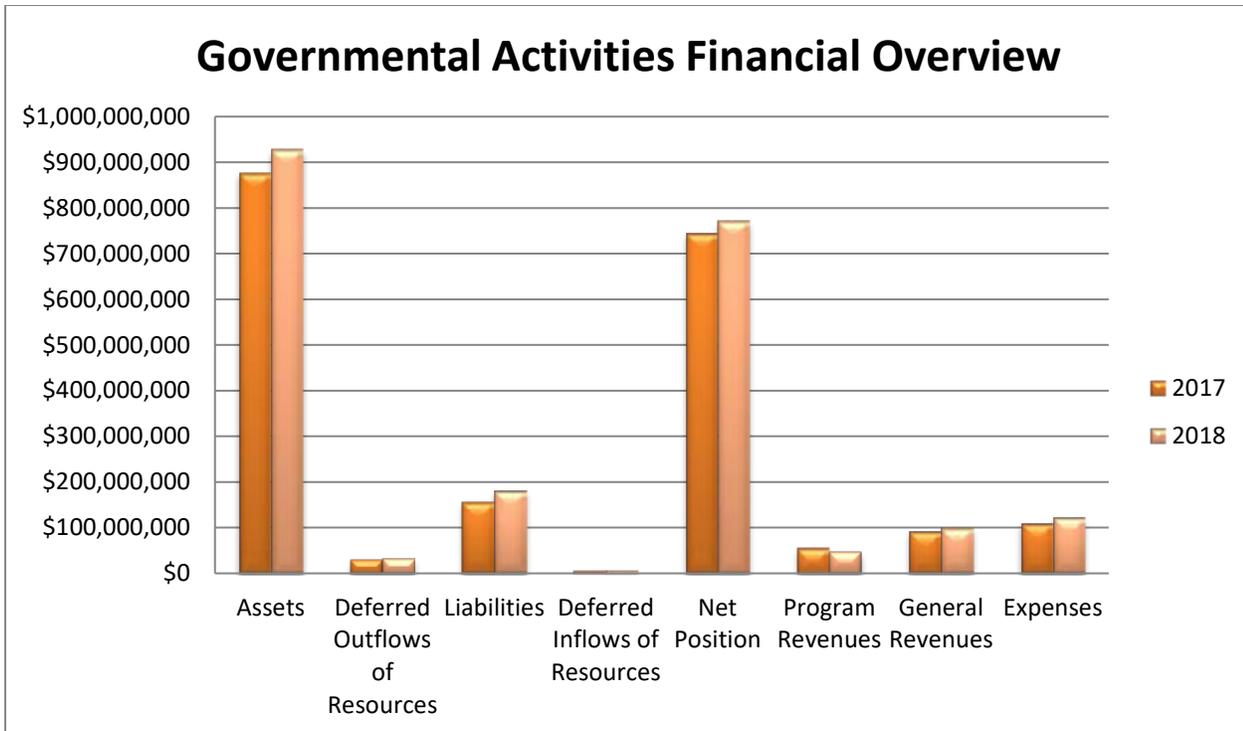

Sumter County, Florida
Management's Discussion and Analysis
September 30, 2018

This Management's Discussion and Analysis report provides the reader with a narrative overview and analysis of the financial activities of the County for the fiscal year ended September 30, 2018. The analysis provides summary financial information for the County and should be read in conjunction with the County's financial statements. The financial reporting model and the financial statements associated with it are described in the following narrative as well as the Notes to Financial Statements.

FINANCIAL HIGHLIGHTS

Key financial highlights for the 2017 – 2018 fiscal year is as follows:

- Sumter County's assets and deferred outflows exceeded its liabilities and deferred inflows at September 30, 2018, by \$770,875,075 (*net position*). Of this amount, \$772,745,284 is invested in capital assets and \$16,236,000 is restricted by law, grant agreements, debt covenants, contributors, or enabling legislation. The County's unrestricted net position is negative \$18,106,209.
- The County's total net position increased by \$21,770,601 over 2017. This was due primarily to the donation of roads and rights-of-way to the County by The Villages® development.
- The County's long-term liabilities increased from \$135,994,387 to \$170,082,754. This increase is primarily due to the County issuing \$30,066,000 in a bond, the Florida Retirement System liability increase of \$3,872,839 and the County's 2018 net Other Post Employee Benefits (OPEB) liability increase of \$1,538,195. The offset to the increase was the County's normal debt service payments.
- The General Fund reported a fund balance at September 30, 2018 of \$30,970,253 or 33% of expenditures and transfers out.

OVERVIEW OF THE FINANCIAL STATEMENTS

The discussion and analysis are intended to serve as introduction to the County's basic financial statements. The County's basic financial statements are comprised of three components:

- 1) Government-wide financial statements
- 2) Fund financial statements
- 3) Notes to the financial statements

The illustration below shows how the various parts of the financial section are arranged and relate to one another.

Government-wide Financial Statements

The *government-wide financial statements* are designed to provide readers with a broad overview of Sumter County's finances in a manner similar to a private-sector business.

The *statement of net position* presents information on all of Sumter County's assets, deferred outflows liabilities and deferred inflows with assets plus deferred outflows minus liabilities and deferred inflows reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of Sumter County is improving or deteriorating.

The *statement of activities* presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes, accounts payable and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*). The governmental activities of the County include general government, public safety, transportation, human services, culture and recreation, physical environment, economic environment and court related.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that are segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to

Sumter County, Florida
Management's Discussion and Analysis
September 30, 2018

ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds - Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be used in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate comparison between governmental funds and governmental activities.

Sumter County maintains 30 governmental funds for reporting purposes. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, the 2018 Bond Construction Fund, the Road Impact Fee Fund, and the Secondary Trust Fund, which are considered to be major funds. Data from the other 26 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of the non-major governmental funds is provided in the form of combining statements starting on page 63. The County adopts an annual appropriated budget for its general fund and all but one (the Sheriff's Federal Forfeiture Fund) of its governmental funds.

Proprietary funds (Internal Service Funds and Enterprise Funds) - *Internal service funds* are an accounting device used to accumulate and allocate costs internally for a government's various functions. The County uses an internal service fund to account for its self-insured health insurance activities and it is included within governmental activities in the government-wide financial statements because it benefits governmental functions. *Enterprise funds* are used to report business-type activities. The County has no enterprise funds.

Fiduciary funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because resources of those funds are not available to support the County's own programs.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided on the government-wide and fund financial statements. Notes are presented on pages 23 to 46 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information consisting of budget to actual comparisons for the general fund and major special revenue funds and information pertaining to the other postemployment benefit plan and the Florida Retirement System (FRS) (pages 47 to 52). Following the required supplementary information are combining balance sheet and combining schedule of revenues, expenditures and changes in fund balances of the Board and Constitutional Officers general funds (pages 54 to 60), the combining balance sheets, and combining statement of revenues, expenditures, and changes in fund balances for the non-major governmental funds (pages 63 to 74). The individual schedules of revenue, expenditures and changes in fund balances budget to actual for the non-major governmental funds and major capital projects fund can be found on pages 75 to 100, the combining statement and statement of changes for agency funds are on page 101 to 102, and the statistical section is on pages 103 to 126.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net Position

Net position may serve over time as a useful indicator of a government's financial position. In the case of Sumter County, assets and deferred outflows exceeded liabilities and deferred inflows by \$770,875,075 at the close of the fiscal year ended September 30, 2018.

Sumter County's Net Position		
	Governmental Activities	
	2017	2018
Current and other assets	\$ 76,194,531	\$ 100,898,575
Capital assets	800,643,382	826,826,354
Total assets	876,837,913	927,724,929
Deferred outflows	28,596,015	30,197,181
Current liabilities	17,038,359	11,032,076
Long-term liabilities	138,639,353	170,082,754
Total liabilities	155,677,712	181,114,830
Deferred inflows	3,296,711	5,932,205
Net position		
Net investment in capital assets	740,790,347	772,745,284
Restricted	10,151,280	16,236,000
Unrestricted	(4,482,122)	(18,106,209)
	\$ 746,459,505	\$ 770,875,075

The largest portion of the County's net position reflects its investment in capital assets (e.g. land, parks, buildings, roads, and equipment) less any related outstanding debt used to acquire those assets. The County uses these capital assets to provide services to citizens; consequently these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the County's net position represents resources that are subject to restrictions imposed externally or enabling legislation.

The remaining balance of unrestricted net position is a deficit of \$18,106,209.

Expenses and Program Revenues – Governmental Activities

Fiscal Year 2018

Expenses and revenues for governmental activities are shown graphically by function. The largest expenses relate to public safety followed by general government and then transportation.

Revenues by Source - Governmental Activities
Fiscal Year 2018

Revenues for governmental activities are shown graphically by source. The largest source of revenues for governmental activities was property taxes followed by capital grants and contributions. Total revenues, excluding capital contributions, increased 7.1% from fiscal year 2017, while expenses increased 11.8%. The millage rate decreased by 1.3%, from 5.59 in Fiscal Year 2017 to 5.52 in Fiscal Year 2018, and was less than the rolled back millage rate thereby meeting the definition of tax decrease. The County has maintained a millage rate at or below the rolled back millage rate since 2006. Property tax revenues received increased by 2.3%. This increase was due predominantly to the continuing development of the County.

Management's Discussion and Analysis
September 30, 2018

Capital Grants and Contributions decreased by 35.4%, from \$34.2 million to \$22.1 million, primarily due to a decreased number of roads and rights-of-way donated to the County by The Villages® development.

Transportation expenses increased approximately 15.6% from \$12.9 million to \$15 million. This was primarily because of an increase in non-capitalized road maintenance projects this fiscal year.

Public Safety expenses increased 18.5% from \$57.1 million to \$67.6 million. This change was primarily due to various increased expenses for the Sheriff and the Fire Department.

General Government expenses increased 3% from \$20.5 million to \$21.1 million. This change was negligible and not tied to any one event.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

The County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the County's *governmental funds* is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of fiscal year 2018, the County's governmental funds reported combined ending fund balances of \$78,632,936, an increase of \$27,906,077. The unassigned fund balance of \$7,058,573 in the General Fund is available for spending at the County's discretion. Assigned fund balances of \$30.8 million include \$23.6 million in the General Fund as a resource in the subsequent year's budget. The remainder is earmarked for specific purposes such as capital projects, and grants.

At the current time the County has four major governmental funds. They are the General Fund, the Secondary Trust Fund, the 2018 Bond Construction Fund and the Road Impact Fee Fund.

General Fund

The general fund is a major fund and the chief operating fund of the County. At the end of fiscal year 2018, the unassigned fund balance of the general fund was \$7,058,573, while the total fund balance was \$30,970,253. As a measure of the general fund's liquidity, it may be useful to compare the unassigned fund balance to total fund expenditures and transfers out. The unassigned fund balance represents 7.6% of total general fund expenditures and transfers out.

The general fund is made up of the Board of County Commissioner's general fund and all of the Constitutional Officers general funds.

Secondary Trust Fund

This fund is a major fund and is used to account for the 80% portion constitutional gas tax revenue and expenditures related to the maintenance of county roads

Road Impact Fee Fund

This is a major fund and is used to accumulate resources from developers and citizens to fund the construction of roads and the acquisition of rights-of-way as designated in the County's Impact Fee Ordinance. Financing is provided by the levy and collection of impact fees.

2018 Bond Construction Fund

This is a major fund and is used for the jail expansion and renovation project, the courthouse improvements project, and SR 44 fire station and industrial park entrance project. This fund's revenues came strictly from the 2018 Capital Improvement Revenue Bond and investment earnings from those bond funds.

Proprietary Funds (Internal Service Funds and Enterprise Funds)

The County maintains an internal service fund to account for its self-funded health insurance program. Statements for the fund can be found on pages 19-21. The County does not have any enterprise funds.

GENERAL FUND BUDGETARY HIGHLIGHTS

The general fund budget was amended during the year for changing estimates of both revenues and expenditures. The general fund budget was also amended to include \$5 million for the amount carried forward from FY 2017. Actual expenditures were \$25 million less than the final budget. The major reason is the budget includes a reserve for contingencies of \$18 million that was not needed in FY 2018.

The general fund's actual revenue exceeded the final budget revenue by \$4 million. Tax revenues received were \$1.2 million more than the final budget with Small County Sales taxes being the majority of it. Miscellaneous revenues were higher than the amount of the final budget by \$1.5 million, mainly because the investment returns were higher than expected.

2018 General Fund Budget Summary

	<u>\$ 826,826,354</u>	<u>\$ 800,643,382</u>	

The County's investment in capital assets, for its governmental activities as of September 30, 2018, amounts to \$826,826,354 (net of accumulated depreciation). The major reason for this increase was the donation of roads and rights-of-way to the County by The Villages® developer. The investment in capital assets includes land, buildings, improvements other than buildings, equipment, construction in progress and infrastructure. Major construction projects underway at the end of the fiscal year included the following:

Sumter County, Florida
Management's Discussion and Analysis
September 30, 2018

- C468 from CR 505 to US 301 at a total estimated cost of \$12.6 million
- CR 501 four lane road with intersection at C468 at a total estimated cost of \$10.2 million

Major capital asset projects completed during the current fiscal year include the following:

- The Villages® Sumter County Public Safety Center and the Bushnell Sumter County Public Safety Center at a cost of \$7.7 million
- C462 – US301 to C466A at a cost of \$7.7 million.

Additional information on the County's capital assets can be found in Note 8 on page 32.

Long-term Debt

On September 30, 2018, the County had total bonded debt of \$78.3 million. The County has pledged specific revenue sources as a method of repayment. The County has insured ratings on its bonds of "AA" (stable outlook) and "A2" (stable outlook) from Standard and Poor's and Moody's respectively. Fitch Ratings have assigned ratings of "A1" and "A" (stable outlook) to the 2015B Bonds without regard to the insurance policy.

In April 2012, the County entered into an \$11 million long-term agreement with SunTrust Bank that was later assigned to Banc of America Leasing Corporation for the lease purchase of a radio system. As of September 30, 2018, \$1.8 million is outstanding.

In April 2013, the County entered into an agreement with Hancock Bank to refund the 2003 Capital Improvement Revenue Refunding Bonds for a \$7.3 million refunding revenue note to reduce future cash flows. As of September 30, 2018, \$4 million is outstanding.

In April 2015, the County entered into an agreement with TD Bank to refund the 2006 Capital Improvement Revenue Refunding Bonds for a \$28.6 million refunding revenue bond to reduce future cash flows. As of September 30, 2017, \$26.4 million is outstanding.

In June 2015, the County issued \$24.3 million in Capital Improvement Revenue Bonds to finance the planning, engineering, constructing, reconstructing and equipping of The Villages® Sumter County Public Safety Center and the Bushnell Sumter County Public Safety Center. As of September 30, 2018, \$21.8 million is outstanding.

In August 2018, the County entered into an agreement with Citizens First Bank to issue a Capital Improvement Revenue Bond for \$30 million to finance the Jail Expansion & Renovation Project, the Courthouse Improvement Project and SR 44 Fire Station and Industrial Park Entrance Project. As of September 30, 2018, \$30 million is outstanding.

Additional information on the County's long-term debt can be found in Notes 9 and 10 on pages 33-36.

FISCAL YEAR 2019 BUDGET AND SIGNIFICANT FINANCIAL CONDITIONS

Taxable property values used in preparing the 2019 budget have risen in 2018 and new taxable properties were added that allow for the continued level of service.

The millage for fiscal year 2019 decreased from 5.5200 to 5.3365 mills. The millage used for the 2019 budget was equal to the rolled back rate.

Notes to Financial Statements
September 30, 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Sumter County, Florida (the "County") conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant policies:

➤ **Reporting Entity**

The County is a non-charter, general purpose local government established under the legal authority of the Constitution of the State of Florida. It is composed of an elected Board of County Commissioners and elected constitutional officers – Clerk of the Circuit Court, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector – that operate as separate county agencies.

The County uses the criteria established in GASB Statement NO.14, as amended, to define the reporting entity and identify component units. Component units are legally separate entities for which the County is considered to be financially accountable. In addition, component units can be other organizations which their relationship with the County would cause the County's financial statements to be misleading.

- **Blended Component Units** - Although legally separate entities, blended component units are in substance part of the primary government's operations and, accordingly, data from these units, if any, would be combined with the data of the primary government. The County does not report any blended component units.
- **Discretely Presented Component Units** - Discretely presented component units, on the other hand, are reported in a separate column in the financial statements to emphasize that they are legally separate from the primary government. The County does not report any discretely presented component units.

The County did not participate in any joint ventures during the 2018 fiscal year.

➤ **Basis of Presentation**

Government-Wide Financial Statements – The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the County. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees charged to external parties. The County has no business-type activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: charges for services that are directly related to a given function and grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other revenues not properly included among program revenues are reported instead as general revenues.

Notes to Financial Statements
September 30, 2018

Fund Financial Statements - Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements, but all non-major funds are aggregated and displayed in a single column. The governmental fund financial statements include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements of the governmental funds.

The County reports the following major governmental funds:

- General Fund – The General Fund is the primary operating fund. It is used to account for and report all financial resources not accounted for and reported in another fund.
- Secondary Trust Fund - This special revenue fund is used to account for 80% portion of gas tax revenue and expenditures related to the maintenance of county roads.
- Road Impact Fee Fund - This special revenue fund is used to accumulate resources from developers and citizens to fund the construction of roads and the acquisition of rights-of-way as designated in the County's Impact Fee Ordinance. Financing is provided by the levy and collection of impact fees which are restricted to specific projects.
- 2018 Bond Construction Fund – This capital projects fund is used to account for the 2018 Bond proceeds which will be used to finance the planning, engineering, constructing, reconstructing and equipping of Jail Expansion and Renovation Project, the Courthouse Improvements Project, and SR 44 Fire Station and Industrial Park Entrance Project.

Additionally, the County reports the following funds:

- Internal Service Fund – Accounts for the risk financing activities of the Board and the other County agencies on a cost reimbursement basis.
- Agency Funds – Accounts in the custody of the Clerk of the Circuit Court, Tax Collector and Sheriff for resources held in a purely custodial capacity.

➤ **Measurement Focus and Basis of Accounting**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Agency funds have no measurement focus; however, they use the accrual basis of accounting.

Sumter County, Florida
Notes to Financial Statements
September 30, 2018

Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental funds are accounted for using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they become measurable and available as net current assets. For this purpose, the County considers revenues to be available if they are collected within sixty days of the end of the current fiscal year. Taxes and certain intergovernmental revenues constitute the most significant sources of revenue considered susceptible to accrual. In governmental funds, expenditures are generally recognized when the related liability is incurred. However, debt service expenditures, and expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

➤ **Proprietary Funds**

Proprietary funds record both operating and non-operating revenues and expenses. The principal operating revenues are those that are obtained from the operations of the proprietary fund and include charges to other funds on a cost reimbursement basis. Non-operating revenues are not related to the operations of the proprietary fund and include interest earnings. Operating expenses represent the cost of operations. Non-operating expenses are not related to operations.

➤ **Cash Equivalents**

For purposes of the Statement of Cash Flows, only highly liquid investments with original maturities of three months or less are considered to be cash equivalents.

➤ **Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Florida Retirement System Pension Plan and Health Insurance Subsidy Program and additions to/deductions from the plans' fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

➤ **Prepaid Items**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and governmental fund financial statements. Prepaid items are accounted for under the consumption method. An offsetting non-spendable fund balance is reported in the governmental fund financial statements to indicate that inventories and prepaid items do not represent spendable resources.

Sumter County, Florida
Notes to Financial Statements
September 30, 2018

➤ **Mortgages Receivable**

Mortgages receivable are reported net of an allowance for uncollectible accounts of approximately \$650,000. Most of the balance is not expected to be repaid within the next fiscal year.

➤ **Capital Assets**

Capital assets are valued at historical cost or estimated historical cost. Donated capital assets are recorded at acquisition value. The threshold for capitalizing property and equipment is generally \$5,000. The threshold for capitalizing infrastructure is \$50,000.

Depreciation is calculated using the straight-line method over the following estimated useful lives:

Buildings	30 – 50 years
Improvements	10 – 50 years
Equipment	5 – 15 years
Infrastructure	25 – 85 years

➤ **Amortization**

Bond premiums and deferred amounts on refunding are amortized over the life of the bonds using the straight-line method.

➤ **Unearned Revenue**

If assets have been received by the County for services to be rendered in future periods, asset balances have been offset by an unearned revenue liability account.

➤ **Compensated Absences**

Personnel policies of the various county agencies allow a limited accumulation and vesting of unused employee paid time off. Some county agencies use paid time off while others use vacation and sick leave. A liability is accrued when incurred in the government-wide financial statements. However, a liability is reported in governmental funds only when payment is due. The General Fund has typically been used to liquidate the liability for compensated absences.

➤ **Nature and Purpose of Fund Balance Classifications**

The County follows the provisions of GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, to classify fund balances for governmental funds into specifically defined classifications. The classifications comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in the funds can be spent.

The fund balance classifications specified in GASB Statement No. 54 are as follows:

Sumter County, Florida
Notes to Financial Statements
September 30, 2018

Nonspendable Fund Balance – Nonspendable fund balances are amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted Fund Balance – Restricted fund balances are restricted when constraints placed on the use of resources are either: (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – Committed fund balances are amounts that can only be used for specific purposes as a result of constraints imposed by formal action of the County's highest level of decision-making authority, which is an ordinance of the County. Committed amounts cannot be used for any other purpose unless the County removes those constraints by taking the same type action.

Assigned Fund Balance – Assigned fund balances are amounts that are constrained by the County's intent to be used for specific purposes, but are neither restricted nor committed. The County does not have a formal policy that addresses assigned fund balances; however, the intent is expressed by the Board of County Commissioners via the budget process or by the County Administrator.

Unassigned Fund Balance – Unassigned fund balance is the residual classification for the General Fund which is the only fund that reports a positive unassigned fund balance amount.

The County's practice is to expend resources in the following order: restricted, committed, assigned, and unassigned.

➤ **Deferred Outflows of Resources and Deferred Inflows of Resources**

Deferred outflows of resources represent a consumption of net assets that applies to a future period and will not be recognized as an outflow of resources (expense or expenditure) until that time.

Deferred inflows of resources represent an acquisition of net assets that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time.

➤ **Restricted Net Position**

In the accompanying Statement of Net Position, restricted net position is subject to restrictions beyond the County's control. The restriction is either externally imposed (for instance, by creditors, grantors, contributors, or laws/regulations of other governments) or is imposed by law through constitutional provisions or enabling legislation. Approximately \$2.5 million of restricted net position is restricted by enabling legislation. It is the practice of the County to utilize restricted assets before unrestricted assets.

Sumter County, Florida
Notes to Financial Statements
September 30, 2018

➤ **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make various estimates. Actual results could differ from those estimates.

2. CASH AND EQUIVALENTS

The financial institutions in which the various county agencies place their deposits are certified as “qualified public depositories”, as required under the Florida Security for Public Deposits Act. Therefore, the deposits are entirely insured by Federal depository insurance and/or entirely collateralized pursuant to Chapter 280, Florida Statutes.

3. INVESTMENTS

The County invests excess public funds pursuant to the guidelines established in Section 218.415, Florida Statutes, which authorizes investments in the following instruments: The Local Government Surplus Funds Trust Fund; Securities and Exchange Commission registered money market funds with the highest credit quality rating; savings accounts and certificates of deposit in qualified public depositories; and direct obligations of the U.S. Treasury. The County also has an investment policy that allows investments in repurchase agreements and obligations of United States government agencies and instrumentalities.

At year end, the County’s Investments consisted of:

	Fair Value	Less Than 1	Maturities (in years)		Rating
			1-2	Greater Than 3	
State Investment Pool - Florida PRIME	\$ 6,543,390	\$ 6,543,390	\$ -	\$ -	AAAm

TOTAL INVESTMENTS	\$ 65,441,056	\$ 40,291,667	\$ 22,408,084	\$ 2,741,305	

The State Pool (Florida PRIME) is an external investment pool that meets all of the necessary criteria to elect to measure all of the investments in Florida PRIME at amortized cost. Therefore, the County’s investment in Florida PRIME is reported at amortized cost. The fair value of the position in the pool is equal to the value of the pool shares. As of September 30, 2018, there were no redemption fees or maximum transactions amounts, or any other requirements that serve to limit a participant’s daily access to 100 percent of their account value.

The Florida Local Government Investment Trust (FLGIT) is an external investment pool that does not meet all of the necessary criteria to elect to measure all of the

Sumter County, Florida
Notes to Financial Statements
September 30, 2018

investments in FLGIT at amortized cost. Therefore, the County's investment in FLGIT is reported at the fair value of the County's share in the investments.

The Florida Surplus Asset Fund Trust (Florida SAFE) and the Florida Fixed Income Trust are both investment pools organized pursuant to Florida Statutes 163.01 and are reported at fair value.

These are considered external investment pools for reporting purposes. The County owns shares in one or more of the Pool's portfolios. The County's investments are the Pools' portfolios, not the individual securities held within each Pool's portfolio. The County owns a share of the portfolio and not the underlying securities.

The County's investments expose it to credit risk and interest rate risk.

Credit Risk – The risk that an issuer or other counterparty to an investment will not fulfill its obligations. The County's investment policy limits credit risk by restricting authorized investments to the following:

- The State Board of Administration's Local Government Surplus Funds Trust Fund (Florida PRIME), Florida Local Government Investment Trust (FLGIT) or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act as provided in Florida Statute 163.01.
- Securities and Exchange Commission registered fixed income funds with a credit quality rating equal to or greater than the credit rating of the United States Treasury Bill from a nationally recognized rating agency.
- Interest-bearing time deposits or savings accounts in Qualified Public Depositories as defined in Florida Statute 280.02(26) or interest-bearing time deposits or savings accounts insured by the Federal Deposit Insurance Corporation or through a custodian agreement of FDIC Insured Institutions.
- Direct obligations of the United States Treasury.
- Obligations of federal agencies, government sponsored enterprises, and instrumentalities.
- Securities of, or other interest in, any open-end or closed-end management type investment company or investment trust registered under the Investment Company Act of 1940, 15 United States Code ss. 80a-1 et seq., as amended from time to time, provided the investment objectives of said investment company or investment trust are similar to the investment objectives of this Policy.

Interest Rate Risk – The risk that changes in interest rates will adversely affect the fair value of an investment. The County's investment policy limits interest rate risk by attempting to match investment maturities with known cash needs and anticipated cash flow requirements. In addition, the maximum stated investment maturity is ten (10) years.

Sumter County, Florida
Notes to Financial Statements
September 30, 2018

A portfolio's WAL is the dollar weighted average length of time until securities held reach maturity. A portfolio's WAM is the dollar weighted average maturity

The weighted average maturity (WAM) of Florida PRIME at September 30, 2018 was 35 days.

The weighted average maturity (WAM) of Florida SAFE at September 30, 2018 was 37.7 days.

The weighted average maturity (WAM) of the Florida Fixed Income Trust PDP at September 30, 2018 was 1 day.

The effective duration for Florida Local Government Investment Trust at September 30, 2018 was 1.51 years.

4. FAIR VALUE MEASUREMENTS

The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The County has the following recurring fair value measurements as of September 30, 2018:

- Investment pools organized pursuant to Florida Statutes 163.01 – Valued at the daily closing price as reported by the fund.

Investments in external pools, though measured at fair value, are not categorized within the fair value hierarchy.

5. PROPERTY TAXES

In governmental funds, property tax revenues are recognized when levied, to the extent that they result in current receivables. Details of the property tax calendar are presented below:

Lien Date	January 1
Levy Date	October 1
Discount Periods	November – February
No Discount Period	March
Delinquent Date	April 1

6. INTERFUND BALANCES AND TRANSFERS

At September 30, 2018, interfund balances consisted of:

	Due To			Total
	General	Secondary Trust Fund	Internal Service Fund	
<u>Due From</u>				
General Fund	\$ -	\$ 2,679,160	\$ 138,716	\$ 2,817,876
Non-major Governmental	231,126	-	-	231,126
Totals	\$ 231,126	\$ 2,679,160	\$ 138,716	\$ 3,049,002

The outstanding balance between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided before reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

Interfund transfers are summarized below:

	General	2018 Bond Construction	Internal Service	Non-major Governmental	Total
<u>Transfers In</u>					
General Fund	\$ -	\$ -	\$ 18,416	\$ 6,549,005	\$ 6,567,421
Secondary Trust	2,679,160	-	-	-	2,679,160
Road Impact Fee	7,705	-	-	-	7,705
Non-major Governmental	2,217,908	61,950	3,400	-	2,283,258
Internal Service	3,694,984	-	-	-	3,694,984
Totals	\$ 8,599,757	\$ 61,950	\$ 21,816	\$ 6,549,005	\$ 15,232,528

Transfers are used to (1) move revenues from the fund that Statutes or budget requires to collect them to the fund that Statutes or budget requires to expend them, (2) move excess amounts to be distributed to the General Fund after all debt service reserve amounts have been satisfied for the period and (3) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

7. DISAGGREGATED RECEIVABLES AND PAYABLES

➤ **Governmental Funds**

At September 30, 2018, government-wide receivables consisted of 89% receivables related to future ownership of regionally significant roads to be transferred from The Villages® Land Corporation and 11% other receivables.

At September 30, 2018, General Fund payables consisted of 9% wages and benefits payable and 91% payable to vendors in the normal course of business. The payables of the non-major governmental funds consist primarily of amounts due for goods and services received in the normal course of business.

Sumter County, Florida
Notes to Financial Statements
September 30, 2018

➤ **Proprietary Funds**

Internal Service Fund payables are composed of normal trade payables, primarily for health insurance claims.

➤ **Capital Improvement Refunding Revenue Note, 2013**

In 2013 the County issued a promissory note for \$7,340,000 to current refund \$7,297,000 of the 2003 Series Capital Improvement Revenue Refunding Bonds, which were called on June 1, 2013.

Debt service is payable solely from proceeds of race track revenue distributed by the State from the Pari-mutual Tax Wagering Trust Fund, proceeds of the local government half-cent sales tax distributed by the State from the Local Government Half-Cent Sales Tax Clearing Trust Fund, and the “Guaranteed Entitlement” and “Second Guaranteed Entitlement for Counties” distributed by the State from the Revenue Sharing Trust Fund and interest earned in the debt service fund. Interest and principal is payable monthly at 1.94% per annum and matures on June 1, 2024. The total principal and interest remaining to be paid is \$4.2 million. For the current year, principal and interest paid and pledged revenues were \$731 thousand and \$9.1 million respectively. This note is on parity with the 2015A Capital Improvement Refunding Revenue Bond; the 2015B Capital Improvement Revenue Bonds and the 2018 Capital Improvement Revenue Bond.

➤ **Capital Improvement Refunding Revenue Bond, Series 2015A**

In 2015 the County issued a bond for \$28,602,982 to advance refund \$27,475,000 of the 2006 Series Capital Improvement Revenue Refunding Bonds, which were called on June 1, 2016.

Debt service is payable solely from proceeds of race track revenue distributed by the State from the Pari-mutual Tax Wagering Trust Fund, proceeds of the local government half-cent sales tax distributed by the State from the Local Government Half-Cent Sales Tax Clearing Trust Fund, and the “Guaranteed Entitlement” and “Second Guaranteed Entitlement for Counties” distributed by the State from the Revenue Sharing Trust Fund and interest earned in the debt service fund. Interest and Principal is payable semiannually on June 1 and December 1 at 2.78% per annum and matures on June 1, 2034. This bond is on parity with the 2013 Capital Improvement Refunding Revenue Note; the 2015B Capital Improvement Revenue Bonds and the 2018 Capital Improvement Revenue Bond.

➤ **Capital Improvement Revenue Bonds, Series 2015B**

In 2015 the County issued \$24,330,000 Sumter County Capital Improvement Revenue Bonds, Series 2015B to finance The Villages® Sumter County Public Safety Center, the Bushnell Sumter County Public Safety Center and paying the costs of issuance. The Bonds were issued with a \$977,458 net premium so total funds received was \$25,307,458.

Debt service is payable solely from proceeds of race track revenue distributed by the State from the Pari-mutual Tax Wagering Trust Fund, proceeds of the local government half-cent sales tax distributed by the State from the Local Government Half-Cent Sales Tax Clearing Trust Fund, and the “Guaranteed Entitlement” and “Second Guaranteed Entitlement for Counties” distributed by the State from the

This bond is on parity with the 2013 Capital Improvement Refunding Revenue Note; the 2015A Capital Improvement Revenue Bonds and the 2015B Capital Improvement Revenue Bonds.

➤ **Lease Purchase Financing**

In 2013 the County entered into a lease purchase agreement which is currently with Banc of America Leasing & Capital LLC that was used to purchase a public safety radio system. The original lease purchase was for \$12 million. At September 30, 2018, the total amount outstanding on the financing agreement is \$1,836,600.

The interest rate is 1.88%. The annual payment, including interest, is \$1,836,600 for seven years.

➤ **Agreement with The Villages® Companies**

In 2018 the County entered into an agreement with The Villages® Companies whereby The Villages® Companies will construct regionally significant roads in Sumter County that are the County’s responsibility to build. The County will reimburse The Villages® Companies within five years of being invoiced.

At September 30, 2018, the total amount due to The Villages® Companies was \$1,975,646. This full amount is payable September 2023. The County will fund the payments from available Non-Ad Valorem Revenues generated from Transportation Impact Fees and its apportioned Gas/Fuel Taxes. There are no interest charges associated with this agreement.

➤ **Bond Arbitrage**

The Federal Tax Reform Act of 1986 requires issuers of tax-exempt debt to make payments to the U.S. Treasury of investment income received at yields that exceed the issuer's tax-exempt borrowing rates or pay a calculated penalty. Rebates are paid to the Internal Revenue Service every fifth year after the year of issuance. Within the five-year period, any positive arbitrage (liability) can be offset by any negative arbitrage (non-liability). At September 30, 2018, the County has no arbitrage liability.

11. STATE OF FLORIDA PENSION PLANS

Defined Benefit Plans

The County participates in two defined benefit pension plans that are administered by the State of Florida, Department of Management Services, Division of Retirement. The plans provide retirement, disability or death benefits to retirees or their designated beneficiaries. Chapter 121, Florida Statutes, establishes the authority for benefit provisions. Changes to the law can only occur through an act of the Florida Legislature. The State of Florida issues a publicly available financial report that includes financial statements and required supplementary information for the plans. That report is available from the Florida Department of Management Services' website (www.dms.myflorida.com).

The Florida Retirement System (FRS) Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan with a Deferred Retirement Option Program (DROP) available for eligible employees. The FRS was established and is administered in accordance with Chapter 121, Florida Statutes. Retirees receive a lifetime pension benefit with joint and survivor payment options. FRS membership is compulsory for employees filling regularly established positions in a state agency, county agency, state university, state college, or district school board, unless restricted from FRS membership under Sections 121.053 or 121.122, Florida Statutes, or

Sumter County, Florida

allowed to participate in a defined contribution plan in lieu of FRS membership. Participation by cities, municipalities, special districts, charter schools and metropolitan planning organizations is optional.

The Retiree Health Insurance Subsidy (HIS) Program is a cost-sharing, multiple-employer defined benefit pension plan established and administered in accordance with Section 112.363, Florida Statutes. The benefit is a monthly payment to assist retirees of the state-administered retirement systems in paying their health insurance costs. To be eligible to receive a HIS benefit, a retiree under a state administered retirement system must provide proof of eligible health insurance coverage, which can include Medicare.

Benefits Provided

Benefits under the FRS Pension Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement plan and/or class to which the member belonged when the service credit was earned.

Eligible retirees and beneficiaries receive a monthly HIS payment equal to the number of years of service credited at retirement multiplied by \$5. The minimum payment is \$30 and the maximum payment is \$150 per month, pursuant to Section 112.363, Florida Statutes.

Contributions

The contribution requirements of plan members and the employer are established and may be amended by the Florida Legislature. Employees are required to contribute 3.00% of their salary to the FRS Pension Plan. The employer's contribution rates as of September 30, 2018, were as follows:

	FRS	HIS
Regular Class	6.60%	1.66%
Special Risk Class	22.84%	1.66%
Senior Management Service Class	22.40%	1.66%
Elected Officials	47.04%	1.66%
DROP from FRS	12.37%	1.66%

The employer's contributions for the year ended September 30, 2018, were \$4,132,593 to the FRS Pension Plan and \$542,994 to the HIS Program.

Pension Liabilities and Pension Expense

In its financial statements for the year ended September 30, 2018, the County reported a liability for its proportionate share of the net pension liability of the FRS Pension Plan and its proportionate share of the net pension liability of the HIS Program. The net pension liabilities were measured as of June 30, 2018. The County's proportions of the net pension liabilities were based on its share of contributions to the pension plans relative to the contributions of all participating entities, actuarially determined.

	FRS	HIS
Net pension liability at September 30, 2018	\$ 50,709,815	\$ 10,705,260
Proportion at:		
Current Measurement Date	0.1684%	0.1011%
Prior Measurement Date	0.1601%	0.0953%
Pension expense (benefit), year ended September 30, 2018	\$ 9,628,818	\$ 954,958

The General Fund typically has been used in prior years to liquidate net pension liabilities.

Deferred Outflows/Inflows of Resources Related to Pensions

At September 30, 2018, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	FRS		HIS	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 4,295,884	\$ (155,920)	\$ 163,893	\$ (18,188)

Total	<u>\$ 26,302,914</u>	<u>\$ (4,572,614)</u>	<u>\$ 2,560,020</u>	<u>\$ (1,355,221)</u>

Deferred outflows of resources related to employer contributions paid subsequent to the measurement date and prior to the employer's fiscal year end will be recognized as a reduction of the net pension liability in the reporting period ending September 30, 2019. Other pension-related amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

Actuarial Assumptions

The total pension liability for each of the defined benefit plans was measured as of June 30, 2018. The total pension liability for the FRS Pension Plan was determined by an actuarial valuation dated July 1, 2018. For the HIS Program, the total pension liability was determined by an actuarial valuation dated July 1, 2018. The individual entry age normal actuarial cost method was used for each plan, along with the following significant actuarial assumptions:

	FRS	HIS
Inflation	2.60%	2.60%
Salary increases	3.25%	3.25%
Investment rate of return	7.00%	N/A
Discount rate	7.00%	3.87%

Mortality assumptions for both plans were based on the Generational RP-2000 with Projection Scale BB.

For both plans, the actuarial assumptions were based on the results of an actuarial experience study for the period July 1, 2008, through June 30, 2013.

The following changes in key actuarial assumptions occurred in 2018:

FRS: The long-term expected rate of return and the discount rate used to determine the total pension liability decreased from 7.10% to 7.00%.

HIS: The municipal bond index rate and the discount rate used to determine the total pension liability increased from 3.58% to 3.87%.

The long-term expected investment rate of return was not based on historical returns, but instead was based on a forward-looking capital market economic model. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. For the FRS Pension Plan, the table below summarizes the consulting actuary's assumptions based on the long-term target asset allocation.

Global equity	54%	7.6%	6.3%
Real estate	11%	6.6%	6.0%
Private equity	10%	10.7%	7.8%
Strategic investments	6%	6.0%	5.7%
	100%		

Discount Rate

The discount rate used to measure the total pension liability for the FRS Pension Plan was 7.00%. FRS' fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Because the HIS Program is essentially funded on a pay-as-you-go basis, a municipal bond rate of 3.87% was used to determine the total pension liability for the program. The Bond Buyer General Obligation Bond 20-Bond Municipal Bond Index was used as the applicable municipal bond index.

Sensitivity Analysis

The following tables demonstrate the sensitivity of the net pension liability to changes in the discount rate. The sensitivity analysis shows the impact to the employer's proportionate share of the net pension liability if the discount rate was 1.00% higher or 1.00% lower than the current discount rate.

	FRS			HIS

Pension Plans' Fiduciary Net Position

Detailed information about the pension plans' fiduciary net position is available in the State's separately issued financial reports.

plan qualified under Section 401(a) of the Internal Revenue Code. The FRS Investment Plan is an alternative available to members of the Florida Retirement System in lieu of the defined benefit plan. There is a uniform contribution rate covering both the defined benefit and defined contribution plans, depending on membership class. Required employer contributions made to the plan during the year ended September 30, 2018, totaled \$1,212,170.

12. OTHER POSTEMPLOYMENT BENEFIT PLAN (OPEB)

The County provides certain health care benefits for retired employees and their dependents. Substantially all of the County's employees may become eligible for those benefits if they reach normal retirement age while working for the County.

Plan Description

Any employee of Sumter County who participates in and satisfies the vesting, disability, early or normal retirement provisions of the Florida Retirement System (FRS) may be eligible for certain Other Postemployment Benefits. The postemployment benefits include access to purchase coverage for retirees and dependents in the medical/prescription, dental and life insurance plans sponsored by the County. Eligible retirees may choose among the same medical plan options available for active employees of the County. Dependents of retirees may be covered at the retirees' option in the same way as dependents of active employees. Prescription drug coverage is automatically extended to retirees and their dependents who continue coverage under any one of the medical plan options. Covered retirees and their dependents are subject to all the same medical and prescription benefits and rules for coverage as active employees. Retirees and their dependents who are Medicare eligible are required to enroll for Parts A and B under Medicare.

Retiring employees who have enrolled in the retiree health insurance plan will also participate in the County sponsored group life policy. The cost of insurance to the retiree is \$3.50 per month for a \$25,000 policy. The amount of benefit is reduced to \$12,500 when the retiree reaches age 80 and the premium is reduced to \$1.75 per month.

As of October 1, 2017, the latest actuarial valuation date, plan participation consisted of 616 active participants and 86 retired participants receiving benefits. There are no inactive participants that are entitled to, but not yet receiving benefits.

A separate stand-alone financial statement is not prepared for the OPEB plan.

Funding Policy

The contribution requirements of the plan members and the County are established and may be amended by the Sumter County Board of County Commissioners. A trust has not been established. Contributions are being made based on pay-as-you-go financing requirements. The General Fund has typically been used in prior years to liquidate the OPEB liability.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The County implemented GASB 75 in fiscal year 2018. The County's total OPEB liability of \$17,722,620 was measured as of September 30, 2017 and was determined by an actuarial valuation as of that date.

At September 30, 2018, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

Year ending September 30,	Target Allocation	Arithmetic Return
Differences between expected and actual experience	\$ -	\$ 4,370
Changes of assumptions or other inputs	\$ -	\$ -
Net difference between projected and actual earnings	\$ -	\$ -
Contributions subsequent to the measurement date	\$ 337,148	
Total	\$ 337,148	\$ 4,370

Deferred outflows of resources related to employer contributions paid subsequent to the measurement date and prior to the employer's fiscal year end will be recognized as a reduction of the net OPEB liability in the reporting period ending September 30, 2019.

Other OPEB-related amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ending September 30,	
2019	\$ 374.00
2020	374
2021	374
2022	374
2023	374
Thereafter	2500
Total	\$ 4,370

Actuarial Assumptions and Other Inputs

Calculations of benefits for financial reporting purposes are based on the substantive plan (the plan understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit cost between the employer and plan members to that point.

Sumter County, Florida
Notes to Financial Statements
September 30, 2018

Actuarial valuations involve estimates of the values of reported amounts and assumptions about the probability of events far into the future, and actuarial determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future.

The total OPEB liability in the October 1, 2017 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation rate	4.25%
Salary increases	3% annually
Discount rate	2.8%
Mortality	RP-2014 Mortality Fully Generational projected using Projection Scale MP-2015
Healthcare cost trend rate	8% initial trend rate dropping to 5% ultimate trend rate in year 2021

An actuarial experience study has not yet been performed for the plan.

13. RISK MANAGEMENT

Public Entity Risk Pool

The County is exposed to various risks of loss related to general liability, auto liability, collision and worker's compensation. To manage these risks, the County joined the Florida Association of Counties Trust and Preferred Governmental Insurance Trust (the "Trusts"), public entity risk pools currently operating as common risk management and insurance programs for several members. Premiums paid to the Trusts are designed to fund the risks assumed by the Trusts and are based on certain actual exposures of each member.

The Sheriff participates in the Florida Sheriffs' self-insurance fund for risk related to professional police and automobile liability. The Sheriff had no settlements that exceeded coverage in the 2018 fiscal year.

Commercial Insurance

The County carries commercial insurance for certain risks associated with property, inland marine and crime. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Self-Insurance

The County is exposed to various risks of loss related to employee health, dental and short-term disability claims for which it is self-insured. An excess coverage insurance policy covers individual claims in excess of \$150,000 with a self-funded liability of \$136,000 with an unlimited lifetime maximum. There is an aggregate maximum reimbursement per policy period of \$1,000,000. Settled claims have not exceeded this commercial coverage maximum in any of the past three fiscal years.

Liabilities are reported if information prior to the issuance of the financial statements indicated that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated, including an estimate for those incurred but not reported (IBNRs). This estimate is based on historical experience and current trends, and is reported at current dollar value.

Sumter County, Florida
Notes to Financial Statements
September 30, 2018

An Internal Service Fund (Group Insurance Fund) is used to account for the County's retained risk management activities. Changes in the Fund's claims liability were as follows:

	Beginning of year Liability	Claims Incurred	Claims Paid	End of Year Liability
2017	\$ 995,562	\$ 5,559,944	\$ 5,757,142	\$ 798,364
2018	\$ 798,364	\$ 6,821,450	\$ 6,417,988	\$ 1,201,826

14. CONDUIT DEBT OBLIGATIONS

The Industrial Development Authority has issued bonds to provide financial assistance to private-sector entities for the acquisition and construction of facilities deemed to be in the public interest.

The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. The County is not obligated in any manner for repayments of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. As of September 30, 2018, the aggregate principal amount payable is not reasonably determinable.

15. RESTATEMENT – CHANGE IN ACCOUNTING PRINCIPLE

The County restated beginning net position for governmental activities as follows to implement provisions of GASB Statement No. 75. *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*:

Net position – beginning of year, as previously reported	\$746,459,505
Restatement:	
Net OPEB liability	(16,184,425)
Eliminate net OPEB obligation	<u>18,829,391</u>
Net position – beginning of year, as restated	<u>\$749,104,471</u>

16. COMMITMENTS AND CONTINGENCIES

At September 30, 2018, the County had contractual commitments for construction projects totaling approximately \$9 million in excess of amounts that have been recognized in the financial statements.

In addition to the construction projects noted above, during, fiscal year 2018, the County entered into an agreement with The Villages® Companies for construction of regionally significant roads (see Note 9 for details). Construction costs incurred under this agreement through September 30, 2018 were accrued as a long term liability as discussed in Note 9.

Sumter County, Florida
Notes to Financial Statements
September 30, 2018

Construction costs incurred subsequent to September 30, 2018 represent an additional long term liability related to subsequent fiscal year activity of approximately \$3.1 million. In addition, projects in progress include approximately \$2.3 million of additional commitments for contracts approved by the County for which work has not yet been completed.

The County is involved in lawsuits in the normal course of operations. It is the opinion of management and the County's attorneys that any unrecorded, uninsured claims resulting from such litigation would not be material in relation to the County's financial condition.

The County is actively securing rights-of-way for major road construction and expansions.

17. FUTURE ACCOUNTING PRONOUNCEMENTS

The Governmental Accounting Standards Board has issued statements that will become effective in 2019. The statements address:

- Asset retirement obligations;
- Disclosures related to debt.

Sumter County is currently evaluating the effects that these statements will have on its 2019 financial statements.

Supplementary Information

Description of General Fund By Category

The six categories shown below together represent the General Fund, the primary operating fund of the County.

General Fund – Board of County Commissioners – To account for revenues and expenditures of the Board of County Commissioners portion of the General Fund – which are activities that benefit all County residents. Countywide activities include Administration, Public Works, Planning, Fire Services, Community Services, and certain payments to Constitutional Officers.

General Fund - Sheriff – To account for revenues and expenditures necessary to carry out the duties and obligations of the Sheriff as specified in Section 30.15, Florida Statutes. The funds for the Sheriff's operation are received from the BOCC pursuant to Section 30.49, Florida Statutes.

General Fund – Clerk of Circuit Court – To account for revenues and expenditures of the Clerk of Circuit Court whose responsibilities include: County recorder for official records of Sumter County; accountant for the BOCC, custodian of all County funds, County auditor, and keeping BOCC records and meeting minutes as ex-officio Clerk to the Board of County Commissioners; as well as court-related activities that are not accounted for in the “Clerk of Circuit Court – Court Fund and Public Records Modernization Funds.”

General Fund – Tax Collector – To account for revenues and expenditures of the Tax Collector pursuant to Section 197, Florida Statutes.

General Fund – Property Appraiser – To account for revenues and expenditures of the Property Appraiser in the performance of Constitutional responsibilities. The duties of the Property Appraiser are governed by the Florida Constitution s. 4, Art. VII, Florida Statutes, and the Rules and Regulations of the Florida Department of Revenue. These responsibilities include determining the taxable value of all real and tangible property within the County, maintaining associated financial and property records, and providing the Tax Collector with the certified value of real and tangible property and tax millage levied by the respective taxing authorities.

General Fund – Supervisor of Elections – To account for revenues and expenditures of the Supervisor of Elections in the performance of Constitutional responsibilities pursuant to Chapters 97 and 102, Florida Statutes. The funds for the Supervisor of Elections' operation are received from the BOCC pursuant to Section 129.202, Florida Statutes.

Note 1: Discounts are allowed for early payment: 4% for November, 3% for December, 2% for January, and 1% for February. No discount is allowed for payment in March. Penalties are assessed beginning in April.

Note 2: All delinquent taxes collected are applied to the immediately prior tax year, because the County Tax Collector does not allocate delinquent taxes collected by the original tax year levied. Consequently, the total collections-to-date percentage of the tax levy-to-date may be greater than 100% of the tax levy for a given year.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Honorable County Commissioners
Sumter County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Sumter County, Florida (the "County"), as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated March 28, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
