The following is a summary of activities taken by the BOCC in regard to the emerging COVID 19 pandemic as of April 6, 2020.

- December 31, 2019 – World Health Organization (WHO) reports the Wuhan Virus
- February 5, 2020 - the Fire/EMS PSAP began monitoring calls for potential COVID 19 patients, but did not make any changes to dispatch procedures.
- March 4, 2020 – Determined that both fire departments did not have current fit testing for N95 masks for their personnel. In response to this need, escalated the surveillance tool to screen for potential COVID 19 patients and announce to responding staff the risk and to use full personal protective measures as needed. As the fire departments did not have fit testing completed, the response changed to cancel the fire departments and send two ambulances to the call for these instances.
    - Coordinated with AMR to request additional testing supplies and to fit test all fire department staff for N95 masks
    - AMR fit-tested began the weekend of March 13, 2020, with approximately 121 firefighters tested that weekend. Except for a few individuals, all were tested as of March 24, 2020
- March 5, 2020 – Expanded PSAP call screening to trigger mode for certain call types and if the screening tool recommended potential COVID 19 symptoms, began to notify responding staff of potential risk and to use appropriate precautions
- March 5, 2020 – GMR (AMR parent company) provides access to GMR national call line for First Responder consultation for potential COVID 19 exposures (used only for responders with potential exposure to a COVID 19 patient)
- March 9, 2020 – Emergency Management provides Executive Policy Group briefing
- March 10, 2020 – Facilitated local partners meeting for Dr. Zelnick and the Department of Health
- March 10, 2020 – Facilitated local meeting with Dr. Zelnick and local first responders
- March 11, 2020 – Sumter Emergency Management begins daily flash briefings
- March 13, 2020 – Provided clinical guidelines from Medical Director to all staff regarding COVID 19
- March 14, 2020 – Sumter Emergency Management places PPE orders in the State EOC WebEOC
- March 16, 2020 – Sumter Department of Health stands up Incident Management Team
